close listening brings together seventeen strikingly original essays especially written for this volume on the poetry reading the sound of poetry and the visual performance of poetry while the performance of poetry is as old as poetry itself critical attention to modern and postmodern poetry performance has been surprisingly slight this volume featuring work by critics and poets such as marjorie perloff susan stewart johanna drucker dennis tedlock and susan howe is the first comprehensive introduction to the ways in which twentieth century poetry has been practiced as a performance art from the performance styles of individual poets and types of poetry to the relation of sound to meaning from historical and social approaches to poetry

readings to new imaginations of prosody the entries gathered here investigate a compelling range of topics for anyone interested in poetry taken together these essays encourage new forms of close listenings not only to the printed text of poems but also to tapes performances and other expressions of the sounded and visualized word the time is right for such a volume with readings spoken word events and the gaining an increasing audience for poetry close listening opens a number of new avenues for the critical discussion of the sound and performance of poetry

challenging the common perception of poets as standing apart from the mainstream of american culture robert von hallberg gives us a fresh and unpredictable assessment of the poetry that has come directly out of the american experience since 1945 who reads contemporary american poetry more people than were reading new poetry in the 1920s von hallberg shows how do poets respond to the public preoccupations of their readers often with fascination von hallberg put the poems of robert creetey and john ashbery together with the postwar outburst of systems analysis the 1950s tourist poems of john hollander adrienne rich w s merwin and james merrill are treated as the cultural side of america s postwar rise to global political power there are chapters on the political poems of the 1950s and 1960s and on robert lowell s sympathy for the imperialism of his liberal contemporaries poems of the 1970s on pop culture especially edward dorn s slinger and some from the suburbs of the 1980s are shown to reflect a curious peace between the literary and the mass cultures

in this book robert pinsky writes about contemporary poetry as it reflects its modernist and romantic past he isolates certain persistent ideas about poetry s situation relative to life and focuses on the conflict the poet faces between the nature of words and poetic forms on one side and the nature of experience on the other the author ranges for his often surprising examples from keats to the great modernists such as stevens and williams to the contents of recent magazines he considers work by ammons ashbery bogan ginsberg lowell merwin o hara and younger writers offering judgments and enthusiasms from a viewpoint that is consistent but unstereotyped like his poetry robert pinsky s criticism joins the traditional and the innovative in ways that are thoughtful and unmistakably his own his book is a bold essay on the contemporary situation in poetry on the dazzling achievements of modernism and on the nature or situation of poetry itself

nobel laureate seamus heaney author of nine collections of poetry and three volumes of influential essays is regarded by many as the greatest irish poet since yeats passage to the center is the most comprehensive critical treatment to date on heaney s poetry and the first to study heaney s entire body of work including his recent volumes seeing things and the spirit level it is also the first to examine the poems from the perspective of religion one of heaney s guiding preoccupations according to tobin the growth of heaney s poetry may be charted through the recurrent figure of the center a key image in the relationship that evolved over time between the poet and his inherited place an evolution that involved the continual re evaluation and re vision of imaginative boundaries in a way that previous studies have not tobin

one of the virtues of good poetry is the fact that it irritates the mediocre theodore roethke was one of the most famous and outspoken poets and poetry teachers this country has ever known in this volume of selected prose roethke articulates his commitments to imaginative possibilities offers tender advice to young writers and zings darts at stuffed shirts lightweights and fools art is our defense against hysteria and death with the assistance of roethke s widow this volume has been edited to include the finest selections from out of print collections of prose and journal entries focused on the making and teaching of poetry on poetry and craft will be prized in the classroom and outrageous roethke quotes will once again pepper our conversations you must believe a poem is a holy thing a good poem that is theodore roethke was of an illustrious generation of poets which included sexton plath lowell berryman and like them he received nearly every major award in poetry including the pulitzer prize and twice the national book award in spite of his fame he remained a legendary teacher known for the care and attention he gave to his students poets such as james wright carolyn kizer tess gallagher and richard hugo roethke died on august 1 1963 while swimming in a friend s pool but before i m reduced to an absolute pulp by my own ambivalence i must say goodbye the old lion perisheth nymphs i wish you the swoops of many fish may your search for the abiding be forever furious on poetry and craft i am overwhelmed by the beautiful disorder of poetry the eternal virginity of words the poem even a short time after being written seems no miracle unwritten it seems something beyond the capacity of the gods we can t escape what we are and i m afraid many of my notions about verse i haven t too many have been conditioned by the fact that for nearly 25 years i ve been trying to teach the young something about the nature of verse by writing it and that with very little formal knowledge of the subject or previous instruction so it s going to be lik

emphasizing the interplay of aesthetic forms and religious modes sean pryor s ambitious study takes up the endlessly reiterated longing for paradise that features throughout the works of w b yeats and ezra pound yeats and pound define poetry in terms of paradise and paradise in terms of poetry pryor suggests and these complex interconnections fundamentally shape the development of their art even as he maps the shared influences and intellectual interests of yeats and pound and highlights those moments when their poetic theories converge pryor s discussion of their poems profound formal and conceptual differences uncovers the distinctive ways each writer imagines the divine the good the beautiful or the satisfaction of desire throughout his study pryor argues that yeats and pound reconceive the quest for paradise as a quest for a new kind of poetry a journey that pryor traces by analysing unpublished manuscript drafts and newly published drafts that have received little attention for yeats and pound the journey towards a paradisal poetic becomes a never ending quest at once self defeating and self fulfilling a formulation that has implications not only for the work of these two poets but

for the study of modernist literature

silence and articulacy in the poetry of medbh mcguckian is an innovative contribution to the scholarship on belfast poet medbh mcguckian this book considers the entire oeuvre of this globally respected irish woman writer a member of the contemporary avant garde with now fifteen u s published volumes and numerous individual publications the author positions mcguckian s oeuvre as political and historical poetry and offers a provocative new assessment of its crafted silences this work argues that it is the muted character of mcguckian s poems a consequence of a defamiliarized language the overwhelming sway of the image and a profusion of intertextual quoting that constitutes their agency and force the silences are read as a response to the precarious positionality of poet and speaker at the site of disaster and the limits of articulacy in line with rukeyser s notion of the life of poetry the life of mcguckian s silences is located fadem argues in the poems production as revealed self reflexively and in their prolonged consumption this oeuvre operates as a formidable counter discourse by converting poetry s reception into a much protracted task that redistributes the temporal economy of poem and reader and disrupts the given structures of time place and the order of things

this book draws attention to the pervasive artistic rivalry between elizabethan poetry and gardens in order to illustrate the benefits of a trans media approach to the literary culture of the period in its blending of textual studies with discussions of specific historical patches of earth the poem and the garden demonstrates how the fashions that drove poetic invention were as likely to be influenced by a popular print convention or a particular garden experience as they were by the formal genres of the classical poets by moving beyond a strictly verbal approach in its analysis of creative imitation this volume offers new ways of appreciating the kinds of comparative and competitive methods that shaped early modern poetics noting shared patterns both conceptual and material in these two areas not only helps explain the persistence of botanical metaphors in sixteenth century books of poetry but also offers a new perspective on the types of contrastive illusions that distinguish the elizabethan aesthetic with its interdisciplinary approach the poem and the garden is of interest to all students and scholars who study early modern poetics book history and garden studies
