from dust jacket notes noted landscape painter paul strisik takes the reader outdoors to watch over his shoulder as he demonstrates his skills at capturing the varied landscape around the country and in all seasons starting with a discussion of materials and equipment the artist describes the equipment he uses in the field compact yet complete enough to allow strisik all the variety of techniques he needs as well as studio equipment and special painting gear for traveling further suggestions for types of brushes holders cleaners palettes easels and more give the reader all the basics for getting started both at home and on location the next portion of the book is devoted to the esthetic aspects of landscape painting conception composition and design strisik stresses selecting those elements of a scene which help the artist make a personal statement rather than copying nature literally he explains compositional principles and how to use them distributing the weights in a picture emphasizing the center of interest knowing when and how to use cast shadows leading the viewer s eye with lines of direction and achieving variety and interest with counterpoint all the visual effects of light luminosity diffraction reflected light highlights diffused light atmospheric perspective and many more are explained in the third section along with the basics of understanding color and value relationships particularly helpful are the many pointers on handling color within shadowed areas painting objects in light without washing out local color and unifying the overall color feeling within a landscape finally strisik presents a series of full color step by step demonstrations showing how he develops his carefully planned compositional studies into finished paintings each demonstration displays the artist s many skills and techniques every step of the way

the art of landscape painting in oil colours by j edwards first published in 1859 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art

publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

you are here a map declares but of course you are not any more than you truly occupy the vantage point into which a landscape painting puts you how maps and paintings figure and reconfigure space as well as our place in it is the subject of edward s casey s study an exploration of how we portray the world and its many places casey s discussion ranges widely from northern sung landscape painting to nineteenth century american and british landscape painting and photography from prehistoric petroglyphs and medieval portolan charts to seventeenth century dutch cartography and land survey maps of the american frontier from these culturally and historically diverse forays a theory of representation emerges casey proposes that the representation of place in visual works be judged in terms not of resemblance but of reconnecting with an earth and world that are not the mere content of mind or language a reconnection that calls for the embodiment and implacement of the human subject book jacket

capturing the landscape on paper requires the artist to look to look deep into the distance and deep into the soul this practical book celebrates the genre of landscape painting the wonder of discovering the extraordinary in the everyday scene philip tyler looks in detail at the materials techniques and approaches needed to paint the landscape and offers advice on how to portray space light atmosphere and different weather conditions supported by the words and images of other notable artists he explains how to transfer one s emotional response to the landscape onto paper or canvas there are exercises to support the 50 lessons in the book and over 300 colour images illustrate the text
